Heritage Home with prominent position

Built in 1903 this Grand Old Dame occupies a prominent main road position but not only that, the Robertson House is an icon of the village, De Rust! This imposing home offers much potential and it's location makes it ideal for a conversion into maybe a hospitality enterprise or art gallery. It offers fantastic value for money and opportunities and comes with a spacious Cottage as well. The interior has been recently renovated and 2 new bathrooms were installed, laminating floors were added to blend in with the original wooden floors in the Cottage. This is a rare gem and warrants closer inspection.

ERF Size 1,487 m²

Rates R669 per month
