Looking to Upgrade!

Now look no further because we just found you a dream home. This beautiful house is placed in the centre of Emfuleni's most preferred suburbs. It is close to Schools, shopping Centres, Churches, Convenient Stores, not far from Universities and Vaal River Waterfront Escape and all other amenities we need on our daily basis. This home features a huge garden with over 1200 square meters and well landscaped. Borehole water is also available though this water is used for garden and washing only. It is not for human consumption. Security here is fairly taken care of with alarm system, panic buttons, security fence, automated gate and garage doors. My favourite place in this property is a lapa facing a sparkling blue water swimming pool. For this price in this area, This is a bargain! Hurry to arrange viewing and contact me on details below!
